Wine News And Highlights

- December saw the launch of the new, and very classy Classic Wine Magazine available nationally through Exclusive Books. The bi-monthly magazine has been launched in conjunction with Classic FM and I have been lucky enough to be involved with writing several articles ([Limoncello](#) & [Heart of the Home Cellar](#)), submitting the "What's on the Wire" news snippets and sourcing the wines for Editors Choice. Here is the link to the [podcast](#) of an interview between Carrie Adams from Goodfellows and Cathryn Henderson, Editor.
- Unique vertical tasting pack of the [Harmonious Hannibal](#) from Bouchard Finlayson.
- Eat Out offers a whole host of exciting [New Restaurants](#) that have opened up over the holiday season.
- Rickety Bridge launches their [New Tasting Room](#) in the Vines.
- Vineyard Hotel and Spa uncorks its latest [Recycling Initiative](#).
- [Port](#) no longer allowed to be called such in South Africa.

Winning Wine Estate Visits

- My hubby, along with two friends out visiting from Amsterdam, accompanied me on a visit to the gorgeous estate, [Haut Espoir](#) in Franschhoek.

Winery of the Month

For February and March I am hosting [Vondeling Wines](#). The estate is based, in the possibly lesser known, voor-Paardeberg ward within the Paarl region. This working wine farm has a tranquil atmosphere with panoramic mountain and vineyard views with the area rich in indigenous fynbos. The first vintage of Vondeling wines from their own grapes was 2005. Join me to taste through the exciting yet compact range currently comprised of eight wines - four whites, three reds and a dessert.

Monthly Wine Club

I have been sourcing my favourite wines that I taste on a monthly basis and putting packs of 6 different bottles together for various clients based across Gauteng and the WC. The feedback to date has been incredible and the members are growing on a monthly basis. Each month I insert a letter with a food and wine pairing recipe and some info on where the wines were sourced and why I chose them etc. If you are keen to hear more about this service or sign up for the monthly pack which is available in: Red Only, Mixed (red & white), White Only or Value Packs, please [Contact Me](#).
